

Academic activities, Innovation Group, TIK, Fall semester 2022

Seminars / workshops at TIK	Comment / link	Responsible
Cyriac George's PhD midway seminar	11/10	Allan
Disputation Lars Wenaas	11/11	Magnus
PhD Midway Kari-Elisabeth Vambeseth Skogen	2/11, The impact of research on policy: an empirical study of the use of scientific knowledge in policymaking	Taran
NTRANS Workshop: Cross-system agency in transitions	3/11	Allan
Seminar: Towards transformative investment? On the role of the financial sector in Net-zero transitions	6/12	Allan
PhD Final Seminar: Frauke Rohden	23/9, "Exploring Informal Science Communication Online."	Magnus
Seminar presentation at Centre for Development Studies, Trivandrum, India	Digital presentation, 10th November	Fulvio
PhD courses at TIK		
PhD course on "Innovation, Welfare and Policy"	14-17 November	Fulvio
PhD course on "International Publishing" (Faculty's course)	17-18 October	Fulvio
Visiting researchers		
Meike Löhr, Oct. 2022	Part of PATHWAYS project	Allan
Richard Woolley, Nov 22	Part of OSIRIS project	Magnus
Other activities		
OSIRIS meetings	Weekly digital/hybrid meetings with discussions and presentations, some of which have been open for everyone at TIK and some which have included presentations from TIK people (e.g. Hilde R. presenting her new project).	Magnus
OSIRIS blog	An irregular science communication attempt from the OSIRIS project.	Magnus

SCHEDULE INNOVATION LUNCHES AUTUMN 2022 THURSDAYS 12-1PM

Dates	Room	Topic	Responsible	Comments
1/9	302	General update and tour de table	Allan	
8/9	302	What is the value-added of a multi-system perspective in sustainability transitions research?	Allan	
15/9	302	Innovation in health and care?	Taran	Input from Trust, Taran & Markus
22/9 26/9 (Mon 9:00)	302	Degrowth vs Green growth and what it means for sustainability transitions Jonathan Boston, Professor of Public Policy, Victoria University, NZ, to present his piece "Living within Biophysical Limits: Green growth versus degrowth"	Ben	!! Moved to 9:00 following Monday, see separate invite
29/9	302	' The good economy ': a conceptual and empirical move for investigating how economies and versions of the good are entangled Hilde Reinertsen (TIK) An attempt at exploring how STS and innovation can meet in sustainability topics	Allan	Cancelled due to illness
6/10	302	INTRANSIT Workshop in Utrecht on innovation policy. For the ones interested, dig. Participation possible	Taran	Autumn holidays
13/10	302	Pathways: Combining techno-economic modelling and socio-technical transitions	Hilde Nykamp	
20/10	302	Meike Löhr: "From institutional work to transition work"	Allan	Discussant:
27/10	302	A review of sectoral innovation systems research. Erlend Simensen.	Allan	Discussant: Fulvio
3/11	302	Unpacking the technology adoption process	Cyriac George	
10/11	302	"The hybrid dilemma—do hybrid technologies play a transitional or stationary role in transitions processes?"	Amir Mirzadeh Phirouzabadi	Discussant:
17/11	302	Mobilizing innovation policy in the pursuit of net zero emissions: An evolutionary perspective	Jan Fagerberg	Discussant?
24/11	302		Kejia Yang	
1/12	302		Magnus	Online due to office moving
8/12	302		Fulvio	Online due to office moving

15/12	302	Igne Stalmokaite postdoc project	Allan	Online due to office moving
Candidate TOPICS <i>Feel free to suggest topics/people below</i>				
		Innovation studies canon project	Magnus	
		'The good economy': a conceptual and empirical move for investigating how economies and versions of the good are entangled https://link.springer.com/article/10.1057/s41292-021-00245-5	Hilde Reinertsen Discussant:	tbc
